The Advert information form will then appear. In each of the boxes you are required to provide us with as much information as possible. Each box you will find has a subtitle where we like to have a few sentences to do with that area. The more information we have the better the advert! For example, tell us about your School, tell us what the applicant is expected to do in their role. The more the better!

Advert information

* Overview ?

Entice candidates to read more, set out an opening short paragraph that inspires them to read on. Include the following – job title, name of school, contract type (permanent?), full or part-time? Potential start date, salary (stating if this is pro-rated). ✕

* About the school ?

Tell candidates about your school – selling points to make your school stand out from the other schools (you are competing for the same candidates). Include a hyperlink to your school website. ✕

* About the role ?

Sell the role to candidates. Top performers respond to challenges more than money, make the job sound rewarding and stimulating. Tell potential applicants what they will be responsible for; give an outline of their day-to-day tasks and who they will be reporting to and what's great about your school/staff. ✕

The Additional information section will show next, it will ask if you wish to upload your own Application form then, please select 'Yes' and upload it. If you wish to use our Bucks application form then please select 'no'. You will then need to inform us in the box of where to send completed application forms to (we will then attach our Bucks application form to your advert). If you wish to upload any other documents such as Job description & Person specifications these can be attached. You also have the option to upload any other documents that you wish to upload and your Schools logo if we don't currently hold this.

☒ Advert promoted once on social media including Facebook, LinkedIn, Instagram and X £153.40

☐ Advert boosted on social media - minimum charge £30

Boosting is when additional budget is put behind a social media post to enhanced it's reach and engagement. When a post is boosted, we can reach additional audiences outside of our page's followers, and sometimes even target specific locations and demographics. Boosting is available on all platforms, but we found Facebook the most effective and valuable.
