Introduction

The submission of data to the **Department for Education (DfE)**, including a set of named pupil records, is a statutory requirement on schools under Section 537A of the Education Act 1996. This takes the form of a Statutory Return (census) for all LA Maintained Nursery, Primary, Secondary, Special Schools, and Academies.

The information collected is used by the Department for Education (DfE) in the calculation of the Dedicated Schools Grant and the Pupil Premium funding allocations and, for schools with a Sixth form, the Post 16 Funding as specified by the ESFA. Each Census has funding implications and questions regarding which census collects funding data – should be referred to the Schools Management Support Team.

Data collected includes general pupil characteristic information such as sex, free school meal eligibility, Special Needs, ethnicity, and language. Termly absence and attendance data is also collected, and this contributes to the published School Performance tables. Data differs for phase and type of school for each census.

Data is collected three times a year – Autumn (October), Spring (January), and Summer (May).

- Autumn Census - Thursday 2nd October 2025
- **Spring Census – Thursday 15th January 2026**
- Summer Census - Thursday 21st May 2026

Once completed the Census must be uploaded to the DfE via Secure Access portal (COLLECT).

Maintained Schools will have their return checked by the Local Authority prior to final submission. Any queries identified by the LA should be addressed and corrected in Bromcom and COLLECT. COLLECT has reports available that should also be ‘run’ to ensure correct data. Further details of these reports can be found at the following website: <https://www.gov.uk/guidance/complete-the-school-census/check-your-data> All errors should be corrected. Any errors or queries that cannot be rectified should then be noted on COLLECT upon upload. The link above also contains information on the acceptable ‘notes’ for each error.

Steps to Producing the School Census Return

The following provides a brief outline of the steps involved in producing the School Census Return. If data has been regularly and accurately maintained, many of the activities in this document are unnecessary. However, it is advisable to check to ensure the information is up-to-date.

1. Ensure relevant Student and school data is complete and correct.
2. Complete the information on the **Census** page (School details, School Lunches, Student Reconciliation (Early Years)).
3. **Save and Validate** the return.
4. Review and resolve any validation errors/queries and then **Save and Validate** again.
5. Detailed reports can be generated (**Reports / Census**) to assess the accuracy and completeness of the return.
6. Continue to resolve the validation failures then repeat the **Save and Validate** routine until you are satisfied the content of the return is correct.
7. View the **Summary Report**, this report can be used in conjunction with the Census Reports.
8. Provide the Head Teacher with the latest copy of the **Summary Report** to enable them to check that all information is correct before they give approval for authorisation of the return.
9. Once approval has been given, **Authorise** the return:
10. **Upload**, and **Submit** the authorised census return to the **DfE Collect** data collection website.

**** Destination Expected Start Date and Grounds for Removal** are not applicable for student's leaving due to "End of Phase".

Inclusion data of pupils who are not on roll on Census Date

As is always the case for School Censuses, leavers (pupils who left before the Census Reference Date) are only included where one or more of the following is applicable (all date spans listed below are inclusive)

- Leaver aged between 4 and 15 on **31/08/2025**, with attendance to be reported for the start of the autumn term to **31/12/2025**.

- Leaver with funding and monitory between **01/08/2025 and 15/01/2026** to be reported.
- Leaver with alternative provisions between **02/10/2025 and 14/01/2026** to be reported.

 A screenshot of a software dialog box titled 'Process Leaver(s)'. It shows a table with one row of data: Admission No (N08324), First Name (Scarlett), Middle Name (Adams), Last Name (Scarlett), Preferred First Name (Adams), Preferred Last Name (Adams), Date Of Birth (14/11/2017), and Entry Date (01/09/2023). Below the table are fields for Leaving Date (04/04/2025), Reason (In year transfer - Maintained s...), Additional Reason (<NOT SELECTED>), and School (Bromcom Technology School ...). At the bottom are checkboxes for 'Remove any attendance records after leaving date' and 'Produce a CTF Export', and buttons for 'Process' and 'Cancel'.

Via the student list, select the student(s) that are leaving.

2. Click the **Actions** icon and select **Process Leavers**
3. Complete the relevant details
4. Users can also select the option to produce a CTF and remove any pre-filled attendance records.
Press the **Process** icon.

NOTE: Before making a student a leaver, if students have left due to moving out of the area, ensure an end date is entered for the student's address and any contacts living at that address. Enter the new address (if known). Part Time Students

Refer to DfE guidance regarding the **Student Part-Time Indicator**:

"The part time indicator is not based on the number of funded hours; the part time indicator is based on whether the student is attending education provision for 10 sessions a week."

"If they [the students] are not receiving an education provision in the afternoon then they would be recorded as part time; if they are receiving an education provision AM and PM then they would be full time."

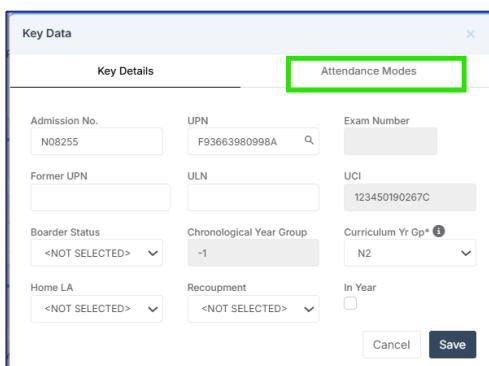

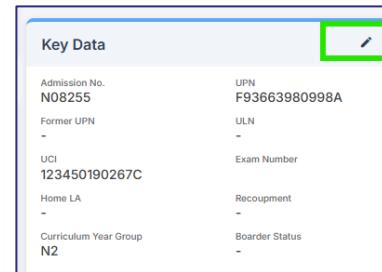

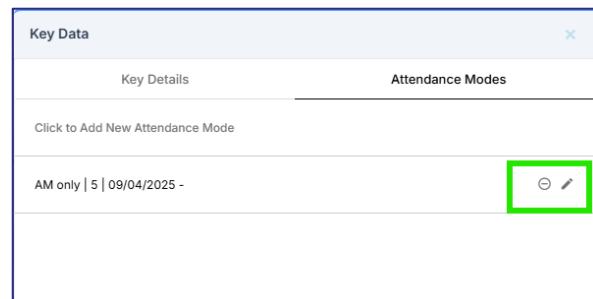

The key is whether the provision is education or childcare.

- Part-time details apply mostly to schools with **Nursery age children** or Reception years.
- **Post 16 Learners** who are undertaking employment with training may also be registered as Part-time.
- Dual Registered pupils should not be classified by either school as part-time and the correct dual registration code used.

Note: **Statutory-aged students** cannot be recorded as part-time. Any sessions the student does not attend must have been agreed with the Head Teacher and the relevant attendance code recorded.

Select the Students then click **View**

1. Select the **Enrolment** area and find **Key Data** on right side of your screen.
2. Click the **Edit** button.
3. Select the **Attendance Modes** tab.

From here users can **Click to Add New** Attendance as well as **Edit or Delete** existing records by hovering over the one to be edited/deleted and clicking the pencil icon.

4. Click **Save**.

Checking Alternative Provision Placements

Placements that fall within the data collection period 03/10/2025 to 15/01/2026 (On-roll & leavers).

In most cases, placement information should be recorded by the school that arranged the placement. The exception to this is where the alternative provision has been arranged by the Local Authority, but the student remains dual registered with the mainstream school and the Student Referral Unit/Alternative Provision school. In such cases, the mainstream school should record the required information.

The **Alternative Provisions Details Panel** is found via **Students / View Student Details / Enrolment**

Alternative Provision module for placements arranged by schools (all schools)

- **Alternative provision placement URN:** records the URN, where available, of establishment within which the student has taken up an alternative provision placement.
- **Alternative provision placement UKPRN:** records the UKPRN, where available, of establishment within which the student has taken up an alternative provision placement.
- **Alternative provision placement type of setting:** records, where neither the URN nor UKPRN are available, the type of setting within which the student has taken up an alternative provision placement.

Only complete ONE of the AP Identifiers - The system process has been designed to assist with this.

 A screenshot of a software interface titled 'Alternative Provision Details'. It shows a table with columns for 'Alternative Provision School', 'Provider URN', 'Provider UKPRN', 'Type of Setting', and 'Placement Reason'. One row is visible, showing 'Camden Centre for Learning (CCFL) Special School' as the provider, with URN 100092 and UKPRN -. The 'Type of Setting' is 'Education Health and Care Plan' and the 'Placement Reason' is 'Off site placement for behavioural support'. Other fields like 'Attendance', 'Part Time', 'Start Date', 'End Date', 'Company Number', 'AP Postcode', 'SEN on Entry', and 'SEN at End' are also present but empty.

 A screenshot of a 'Add Alternative Provision Details' dialog box. It has fields for 'Alternative Provision School Name' with a search icon, 'URN' and 'UKPRN' buttons, 'Reason for Alternative Provision Placement' (set to '<NOT SELECTED>'), 'Date of Entry to alternative provision' and 'Date of Leaving alternative provision' (both with calendar icons), 'SEN Provision at time of placement' and 'SEN Provision at end of placement' (both with dropdowns set to '<NOT SELECTED>'), 'Attendance pattern' (radio buttons for 'Full Time' and 'Part Time' with 'Full Time' selected), and 'Save' and 'Cancel' buttons at the bottom.

URN, UKPRN or Type of Setting.

1. Use the **Search** to add a School which will automatically add the URN, alternatively select Unknown School within the Available Schools search panel.
2. Users will be returned to the panel where the school name can be added manually and the UKPRN be added in the field provided, after which the Type of Setting will disappear.
3. If no URN or UKPRN is available, add the Type of Setting from the dropdown selector plus the company house number and postcode.

- **Alternative provision placement reason:** records, for school commissioned placements, the main or primary reason why the AP was arranged.
- **Alternative provision placement date of entry** records the student's entry date into alternative provision.
- **Alternative provision placement SEN provision on entry:** records SEN provision at the time of entry into alternative provision.
- **Alternative provision placement date of leaving** records the date the student leaves alternative provision (where applicable).
- **Alternative provision placement SEN provision on leaving** records SEN provision at the time of leaving alternative provision (where applicable).
- **Alternative provision placement Attendance pattern:** records the student's planned attendance pattern at the alternative provision provider.
- **Alternative provision placement sessions per week:** records, where the student's attendance pattern is part time, the student's planned number of sessions per week.

Checking Unique Learner Numbers (ULN) (Secondary only)

A Unique Learner Number (ULN) is a 10-digit identifier that is retained and stays with the student's learning record throughout their lives. Currently, this applies to students **over the age of 14** involved in UK education or training.

It is **mandatory** to have a ULN recorded for all students over the age of 14, that is, all students in Year 9 and above.

Learning Records Service issues and maintains a ULN record for applicable students. ULNs can be obtained from:

- The DfE ULN service to upload a CTF file via a web page on the **S2S** website (<http://www.education.gov.uk/researchandstatistics/datatdatam/s2s/a0064650/school-to-school-s2s>). Instructions are available here: [LRS: batch load documents for schools and providers - GOV.UK \(www.gov.uk\)](http://www.gov.uk/government/collections/learning-records-service)

- The **Learner Registration Service** Web Portal to obtain individual ULNs (<https://www.gov.uk/government/collections/learning-records-service>).

ULN's can be individually updated from the **Key Data** area of the student profile: go to

The screenshot shows the 'CTF Import' interface. Under 'Select the file that you want to import from and then complete the choices below', the 'Student Optional Identifiers' checkbox is checked. Other checkboxes like 'Student Basic Details', 'SEN Information', 'Assessment Data', and 'Key Stage 1' are unchecked. On the right, checkboxes for 'Student Contacts', 'Student Address', 'Y1 Phonics Check Data', and 'Key Stage 2' are also unchecked. Below these are dropdowns for 'In case of existing students, use CTF to:' (set to 'Complete Missing Data') and 'If the file contains new students (i.e. any that are not already recorded in the database), should they be placed into:' (set to 'On Roll' with a date of '14/01/2020'). A 'Select the text format to apply to names:' dropdown is set to 'Use Initial Capital Letters for all'. At the bottom are 'Next >' and 'Cancel' buttons.

They can also be imported via a CTF from the DfE Secure Access website and selecting **Student Optional Identifiers** for import.

YSSA, Young Carer & Service Children

Youth Support Services Agreement (YSSA) status (Secondary only)

There is a legal requirement under the Education and Skills Act 2008 for schools to pass information on request to the Youth Support Service for students in or approaching the age of 13.

- Parents - or students themselves if aged 16 or over - have the right to object to any information (over and above name, address, and date of birth) being provided to the Youth Support Service.
- By law, all parents (or students age over 16) must be issued with a Privacy Notice soon after their children are admitted to your school. By issuing the Notice, this implies that assent has been sought and the option of '**Sought no reply**' can be recorded.
- All students in Y8 or above should have this recorded.
- It is **not acceptable** to have a blank or 'Unsought' status.
- Please note that at age 16, consent to share information to the Youth Support Services transfers to the student themselves. It would be best practice to re-issue a Privacy Notice to the student at this time. All new joiners should have a privacy notice issued.

YSSA, Young Carer & Service Children can be added via Students / Actions / Quick Edit

The screenshot shows the 'Quick Edit' interface. It asks 'Select the attribute that you wish to edit and the new property you want to use as default'. The 'Attribute:' dropdown is set to 'Service Children In Education'. The 'Value:' dropdown is set to '--Not Selected--'. At the bottom are '✓ Update', 'Review', and 'Close' buttons.

The screenshot shows a 'Quick Edit' dialog box. It asks 'Select the attribute that you wish to edit and the new property you want to use as default'. The 'Attribute:' dropdown is set to 'Youth Support Services Agree'. The 'Value:' dropdown is set to '--Not Selected--'. A dropdown menu shows options: 'No', 'Sought No Reply', 'Unsought', and 'Yes'. At the bottom are 'Update' and 'Review' buttons.

In a pupil record using the pencil icon:

click to the right of the Student Name to **Edit Student Details**.

Then click in the **Additional Details** tab, from here users will see the various dropdown choices for:

- **Youth Support Services Agreement**
- **Young Carer**

Schools are required to record whether a student has been identified as a young carer and by whom.

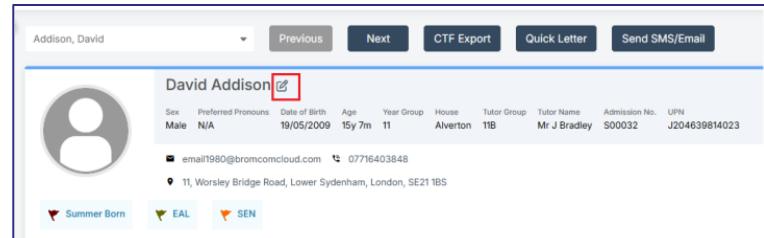

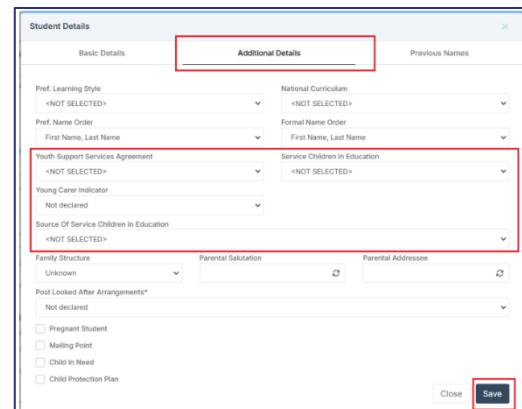

A young carer is a person under the age of 18 who provides care and support for another person at home (not a contract or voluntary work).

- **Service Children.**

If the pupil is the child of a parent(s) in the armed forces, ensure that the correct value is selected from the Service Children in Education drop-down list. Service Children in Education

The DfE collect the service child in education indicator for all on-roll students as at census day.

This information must only be recorded if it has come from the parent or guardian; or the child.

It is *essential* that you record this data item correctly on the school census, as it is used to determine the service pupil premium allocations for schools.

A 'service child' has parent(s) – or person(s) with exercising parental responsibility – who is (or are) service personnel serving:

- in regular HM Forces military units
- in full commitment as part of the full-time reserve service
- in the armed forces of another nation and stationed in England

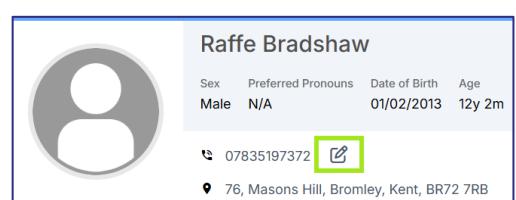

Reserve units are not classed as the regular armed forces and such students are not recorded as service children on the school census. However, where a reserve soldier is acting in a full-time capacity, this is classified as regular service.

The service children indicator is only relevant to children whose parents are designated as personal category 1 or 2. All serving parents will be aware of their personal category.

1. Click Save

Home Address Information

A student's current home address is required for the return (including boarding students). Where a student has multiple current addresses, details of all **term-time** addresses should be recorded. If a child has multiple addresses (**where the child lives with both parents at different stages of the week**) both addresses should be supplied.

All aspects of the address(es) are collected and therefore all address details should be recorded to avoid validation errors.

NOTE: British Forces Post Office numbers can be added as post codes.

To edit a student's address, go to the student profile and hover over the telephone number. The Edit pencil will appear.

1. Select the address tab
2. Place an end date on the current address
3. Add the new address (the start date defaults to 'today'.)

Free School Meals Eligibility

Ethnic and Cultural Information

The following **First Language** information should be recorded in preparation for the return:

- A **First Language** other than English should be recorded where a student was exposed to the language during early development and continues to be exposed to this language at home or in the community.

- If the child was exposed to more than one language (which may include English) during early development, the language other than English should be recorded, irrespective of the Student's proficiency in English.
- Where a parent/guardian or student declines to provide a first language, it should record it as 'REF' (refused).

Ethnicity is collected in the Spring Census ONLY

Use the Student list to add Ethnicity & First Language column then highlighting individual students where information is missing, use **Actions / Quick Edit** to complete this information.

Or in the pupil record – Ethnicity & Religion panel on a pupil profile

Special Educational Needs Information

Double check with your **SEN Co-ordinator** that all Students who possess a Special Need are updated in the MIS.

SEN Status (SEN Provision)

All Students with current SEN Provisions should have a SEN record.

E – Education, Health and Care Plan (EHCP) – the LA has reviewed the student and a plan has been issued.

K – SEN Support – actions have been put in place or will be put in place to support the student with their need once a SEN need or potential SEN need has been identified.

A screenshot of the MIS system interface. On the left is a sidebar with navigation links: Home, Favorites, Students, Groups, Others, and Modules (which is highlighted). Under 'Modules', 'Special Educational Needs' is also highlighted. The main content area shows a student profile for 'Alwadi, Dina'. The profile includes basic information: Sex (Female), Preferred Pronouns (N/A), Date of Birth (19/07/2008), Age (5y 1m), Year Group (null), Admission No. (S3305A), and LPRN (LB30999117066). Below this is a 'Non FSM' status, 'Summer Born', and a '85 or Below' indicator. A 'SEN Details' section is present with the message 'There is no data available for this module.' At the bottom right of the profile area, there are buttons for 'SEN Special Needs', 'Gifted & Talented', and 'Additional Information'. A red box highlights the 'SEN Special Needs' button.

Any Students that have transitioned to no longer having any kind of SEN requirement should have their latest record updated to include the N code for No Special Educational Need.

Any Student with SEN provision (other than N) should also have at least one Need Type defined, where there is no specific type of need NSA (SEN support but no specialist assessment of type of need) can be used. These needs are collected in the Spring Census.

SEN Needs & SEN Category

At least one Special Educational Need type and its ranking, e.g.: Visual Impairment, must be recorded for all students with a SEN Status of, K – SEN Support or E - Education, Health and Care Plan.

The need type and rank is only collected in the Spring Census.

- **Broad area of Type of need**
- **SEN Category for additional needs (optional)**

SEN Provision Type

(for Schools with a Designated SEN Unit or ARP)

Not applicable to Special Schools or Student Referral Units.

- **Time in SEN Unit - Member of SEN Unit**
- **Resourced Provision**

• Where a Student is a member of a Special Class/Unit or Resourced Provision this can be recorded within Additional Information

SEN Units are special provisions within a mainstream school, where the students with SEN are taught within separate classes for at least half of their time.

Resourced Provisions are places reserved at a mainstream school for students with a specific type of SEN, taught for at least half of their time within mainstream classes, but requiring a base and some specialist facilities around the school.

Exclusions Information

Exclusions information is required for students who were subject to any exclusion or suspension within the dates below:

Suspensions (excluding lunchtime suspensions) during the period 21/04/2025 to 31/12/2025

Permanent exclusions with final review from 21/04/2025 to 14/01/2026

Permanent exclusion without final review from 01/01/2025 to 14/01/2026

DfE: We only expect schools to provide data about a permanent exclusion once it has been upheld by the governing body or Independent Review Panel (IRP) following, where applicable, the appeal window.

Therefore, permanent exclusions are only collected if a **Governor Review** has occurred and is recorded in the MIS.

Exclusions are added to the Student Profile using the Behaviour Link on the left

Exclusions should **not** be counted if they were withdrawn by the Head Teacher, or if the student was re-instated by the Discipline Committee or an Independent Appeal Panel.

The following exclusion related data items are collected for the return:

- Exclusion **Type** (category, eg. Suspension or Permanent Exclusion).
- Exclusion **Reason(s)** (select **one** code to provide the main reason and up to **two** further reasons).
- Exclusion **Start Date**.
- Actual number of sessions (**Length**).
- **SEN Provision** at the time of the exclusion.

The **Final Governor Review Outcome** should be completed for **all** Permanent exclusions

Upheld exclusions with a final review dated after the collection period will only be included if the review date is **PRIOR** to census day. Any review that takes place on or after May census day will be correctly reported in Autumn Census.

Note: Permanently excluded students should be marked as leavers once the exclusion has been confirmed by the Local Authority.

Before making the student a leaver, ensure the following information is recorded:

- SEN Status (if applicable)
- Ethnicity
- Ethnic Source
- Part-time indicator (if applicable)
- Date of Admission.

The following items are collected:

- **Hours at Setting** (ie. the **total** number of **all** hours at setting)
- **Funded Hours** (the **total** number of (universal funded (free) hours at setting)
- **Disability Access Fund (DAF)**
(applicable if the child is in receipt of disability living allowance and received funded hours)
- **Eligibility Code**
(where applicable, obtained from HMRC by parents who meet extended or expanded funding criteria)
- **Extended Funded Hours**

(up to 15 additional hours for children who are 3 & 4 year olds as at 31.08.2025 - must have an eligibility code)

- **Expanded Funded Hours**

(up to 15 hours for children who are 9 months - 2 year olds as at 31.08.2025 – must have an eligibility code)

Student Profile / Funding and Allowances / Additional Information.

This information can also be entered directly on the School Census.

The Basis of funding should be selected from the options shown

The **Disability funding indicator** is derived from Students who have a valid check against both of:

- The child is in receipt of child disability living allowance.
- The child receives free early education.

The **Eligibility Code indicator** is an 11-digit integer that is required for students who claim extended or expanded funded entitlement hours.

This applies to all eligible 9-month-olds to 3-year-olds and those students aged four in year groups 'E1', 'E2', 'N1' and 'N2' only, who are on roll on census day.

The code confirms the eligibility of working parents to receive the fifteen extended funded entitlement hours, or the fifteen expanded funded entitlement hours. This is particularly important as parents may split this entitlement between two providers.

To add an Eligibility Code, this can be entered in the Student Record via: **Profile / Funding & Allowances / Additional Information**

- The hours at setting are returned from within the School Census.

- Primary and All Through schools should be recording the above items of data for their students for funding purposes.

Learner Funding and Monitoring

Student Profile Funding and Allowances:

The screenshot shows the 'Student Details' section for Harry Addison. Under 'Funding & Allowances', it shows 'Pupil Premium Type: Deprivation pupil' with a start date of 01/04/2022 and an end date of 18/08/2023, and a rate of £1.00. A red circle highlights the 'Pupil Premium' section.

Post Looked After Arrangements

Post Looked After Arrangements (previously named Adopted from Care) is collected for students who are on-roll on census day and the information is then used for funding purposes.

The 'Quick Edit' dialog box shows the 'Attribute' dropdown set to 'Post looked after arrangements'. The 'Value' dropdown shows 'Not Selected'. A red circle highlights the 'Not Selected' option in the dropdown menu. Below the dropdown, a list of options is shown: Ceased to be looked after through a child arrangement order (CAO), Ceased to be looked after through a residence order (RO), Ceased to be looked after through a special guardianship order (SGO), Ceased to be looked after through adoption, Ceased to be looked after through adoption from state care outside of England and Wales, and Not declared.

The values available for selection enable schools to indicate which students were looked after immediately before adoption or prior to being the subject of a residence or special guardianship order. However, those who have parental responsibility are not obliged to provide this information to the school.

Student records can be updated either from the Student list Actions / Quick Edit

Alternatively on a student's record, via the Edit pencil on a student's profile

The 'Student Details' edit dialog box shows the 'Additional Details' tab selected. In the 'Post Looked After Arrangements' dropdown, 'Not declared' is selected. A red box highlights this selection. Termly Attendance Information (*not applicable to Nursery Schools*)

Termly attendance data (including attendance codes and the number of sessions missed) should be provided for non-boarder students and leavers **aged 4 - 15** who were on-roll for at least one session from **01/09/2025 to 31/12/2025**.

The attendance data collected includes:

- All attendance codes
- Total sessions possible
- Total sessions missed due to authorised absence
- Total sessions missed due to unauthorised absence

- Total sessions attending an approved educational activity
- Total sessions unable to attend due to an exceptional circumstance.

IMPORTANT: Ensure all missing marks and unexplained absences for the previous term have been dealt with before starting the School Census. Attendance data is reported in the return automatically.

NOTE: DfE Working Together to improve school Attendance (August 24), paragraph 398, states:

Where absence is recorded as code N (reason not yet established) in the attendance register, the correct absence code should be entered as soon as the reason is ascertained, but no more than 5 school days after the session (regulation 10(7) to (9)). Code N must not therefore be left on the student's attendance record indefinitely; if a reason for absence cannot be established within 5 school days, schools must amend the student's record to Code O

Chapter 2 Generating the School Census Summer Return

Introduction

In this chapter, we will be looking at generating the School Census and each of the individual areas within. It may not be the same person carrying out this task who has been responsible for checking student data.

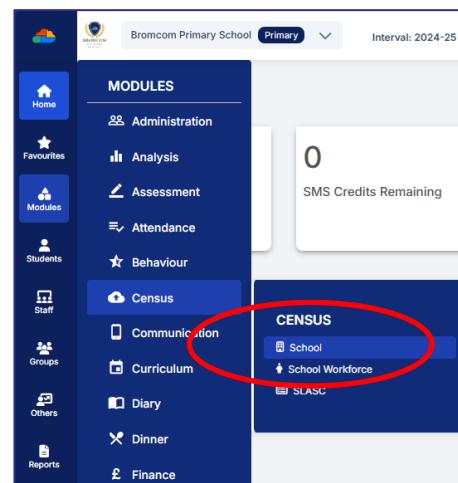

It is possible to create more than one return, enabling you to carry out 'dry runs' so that you can check what data needs to be added or updated prior to census day.

Census Return

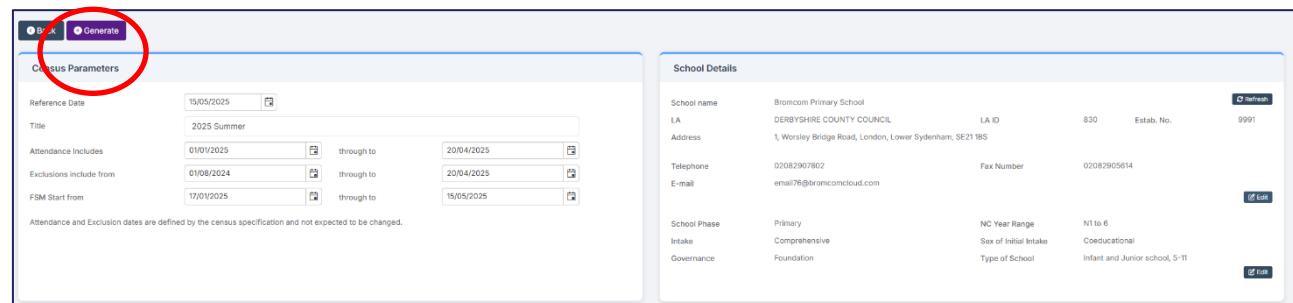

To enable schools to refer to the in-built Census reports, schools should carry out a 'dry run' prior to census day.

Modules / Census / School

Select **New** (or open existing 'Dry Run')

The School Details are editable if not correct. Click the **Edit** buttons, which will take you to either **Core Details** or **Characteristics**. If you do make any changes to your **Core Details** or **Characteristics**, remember to **Save**.

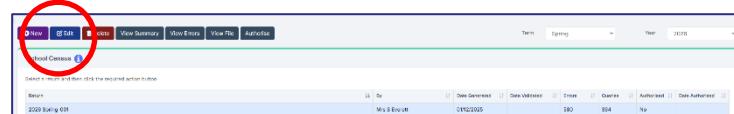

Select the purple **Generate** icon; this will then populate all the Census panels

At this point you can select **Save & Validate** to work through the errors, or complete the panels and **Save & Validate**.

You can edit a Census multiple times to update data or resolve errors.

Class Information

This section will display the snapshot information on the Classes that take place on the Census date, at the reference time. It will have been drawn from the information from within Curriculum but may still need editing or adjustment.

Last digit of your DfE number	Selected time
4, 7, 8 or 9	the selected time is one hour after the start of morning school
0, 1 or 5	the selected time is one hour before the end of morning school
2, 3 or 6	the selected time is one hour after the start of afternoon school

Note: On Bromcom, most of the time only Secondaries use Teaching Classes while Primaries only use Tutor Groups. The table will display the Class name, the number of On Roll Students detected in the Class, the number of Guest Students detected in the Class, the number of Teachers associated with the Class, the number of Support Staff and the Year Group of the Class.

Any of these items can be edited.

- If you adjust the On Roll Students values, then please note that this will change the pupils on roll and in classes value within the Pupil Reconciliation panel below.
- All Classes must have at least one Teacher or Support Staff member assigned to them, and the system will provide feedback errors if any of the Classes are left blank.
- The Reset to MIS button (if available) will rescan the system for the date and time of Census and reset the detail within the panel to match the MIS data.
- For Primary Schools there will be additional columns for Activity, Class Type, Key Stage and PPA/LMT Teachers.

Editing Registration Classes (Primary)

Schools with Infant classes, i.e. Reception and/or Key Stage 1 classes, should ensure the selected period is one in which their infant classes are engaged in an **academic** activity.

On Roll Students

The number of pupils in the registration class at the selected period on census day is displayed. The entries in this column can be edited if required. Ensure that:

- any pupils temporarily absent on the census day are included.
- any part-time pupils not scheduled to be in school at the selected period are excluded. These pupils should be counted in the **Pupil Reconciliation** panel instead.

Pupils (Guest)

This column displays any guest pupils who are normally in the class at the selected period.

Ensure that any guest pupils have an **Enrolment Status of Guest pupil**.

Teachers

Include all **qualified** and **unqualified teachers** taking the class at the selected period.

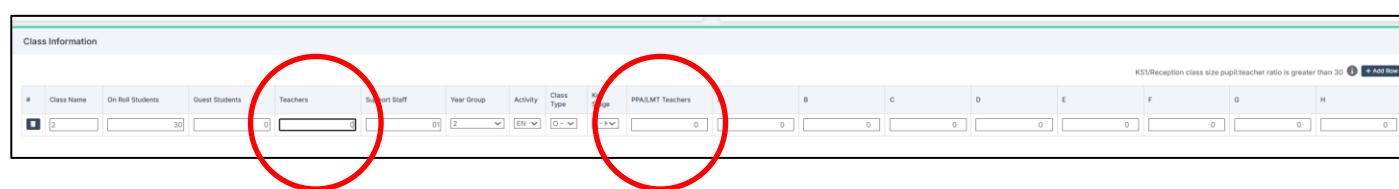

Exclude teachers who are:

- wholly or mainly providing support to individual pupils.
- on Planning, Preparation and Assessment (PPA) time.

PPA Teachers

This column enables you to record the number of teachers on planning, preparation and assessment (PPA) time at the selected time on census day. The information is required for **Infant classes** (i.e. Year Taught In R or Key Stage 1) only.

This field will only be active if Teacher count field equals 0

Support Staff

Include teaching assistants, special needs support staff, support staff for minority ethnic pupils and other education support staff in the class at the selected period.

Exclude non-teaching staff wholly or mainly providing support to individual pupils.

Year Group

This column shows the curriculum year group of each class displayed. To edit the year group, click in the cell and select from the drop-down list.

Select **M** if a class contains a true mix of pupils from more than one National Curriculum year. (not to be used for one or two pupils who are taught out of year; Year 2 student in a Year 1 Reg Group)

Type

This column displays the class type. To edit the class type, click in the cell then select either **Other** or **Nursery** (as appropriate) from the drop-down list.

Key Stage

This column displays the key stage of each registration class. This can be amended by clicking in the cell and selecting the required Key Stage from the drop-down list.

A Mixed Key Stage class is a class containing pupils from different key stages, e.g. Year 2 (Key Stage 1) and Year 3 (Key Stage 2), and not a class containing a child of a different age because they have been held back or advanced a year.

Activity

This column provides the ability to select the activity that the registration class was engaged in at the selected period. This is achieved by clicking in the required cell then selecting the applicable activity from the drop-down list.

Other should not be selected unless none of the activities listed are appropriate.

Recording Reasons for Class Size Exceptions (Reception or Key Stage 1)

Schools are required to provide information about exceptional class sizes, i.e. a teacher/pupil ratio of more than 1 teacher to 30 pupils (on-roll pupils plus guest pupils) in Year Taught In YR or Key Stage 1.

A reason for the exception and the **number of pupils** to which the exception reason applies **must be recorded in the relevant column. Click on the *i* to the right hand side will provide exception reason guidance**

KS1/Reception class size pupil:teacher ratio is greater than 30

For primary and all-through schools, where a key stage 1 and / or a reception class reports a pupil:teacher ratio greater than 30, the schools must record where this is due to:

- any pupils within the class recorded as expected - the number of pupils in the relevant exception field
- a teacher being on PPA or LMT and the class is being supervised by a teaching assistant - the number of teachers in the PPA field

Number of teachers on PPA	The number of teachers on planning and preparation time (PPA) or learning manager time (LMT) at the selected time on census day
Infant class size exception A	The number of children admitted outside the normal admissions round with an education, health and care plan specifying a school
Infant class size exception B	The number of looked after children and previously looked after children admitted outside the normal admissions round
Infant class size exception C	The number of children admitted, after initial allocation of places, because of a procedural error made by the admission authority or local authority in the original application process
Infant class size exception D	The number of children admitted after an independent appeals panel upholds an appeal
Infant class size exception E	The number of children who move into the area outside the normal admissions round for whom there is no other available school within reasonable distance (the LA has to confirm that the child qualifies under this category)
Infant class size exception F	The number of children of UK service personnel admitted outside the normal admissions round
Infant class size exception G	The number of children whose twin or sibling from a multiple birth is admitted otherwise than as an accepted pupil
Infant class size exception H	The number of children with special educational needs who are normally taught in a special educational needs unit attached to the school, or registered at a special school, who attend some infant classes within the mainstream school

Deleting Classes – Secondary phase with timetabled classes

In some circumstances, classes might need to be deleted, e.g. if they do not normally take place at the selected period. This is achieved by highlighting the class then clicking **Delete**.

If you delete a class that contains pupils, you justify in the Pupil Reconciliation panel to ensure that pupil numbers are correct.

Pupil Reconciliation

The **Pupil Reconciliation** panel is used to reconcile the various categories of pupils with the numbers in the **Classes** panel. The number of on-roll pupils who are not in class at the **selected time**, because they are attending another school, part-time, etc. must be entered in the appropriate fields.

- Unscheduled part-time = pupils not at school due to part time hours (i.e Nursery pupils attending AM only)
- Private Study / Work Experience / FE College (Secondary Phase)
- Attending other schools = Dual registered pupils / pupils at AP
- **Total pupils** and **Pupils On Roll** fields. The two values must be the same.

If the numbers in the Pupil Reconciliation panel do not match you can **Save** the Census Return and check the numbers from **Reports / Census / Student Consolidation Discrepancy Report**

This number is derived from the total number of pupils in the Class Information panel.

Early Years Funded Hours

This panel needs to be completed. Funded Hours needs to be collected for Students aged 2, 3 and 4 from all schools with pupils of these ages except City Technology Colleges and Non-Maintained Special.

Early Years Funded Hours and Hours at Setting (Primary and All Through Only)

Primary Schools with Early Years provision will need to fill in the Student Reconciliation panel for Early Years Childcare hours.

See Appendix A Error! Reference source not found. & Error! Reference source not found.

If you have used **Save and Validate** on a previous Census, when running a new Census, you will have an option on this Panel for **“Reset to Latest Census”** which will enter the Hours set in the previous Census – so you do not have to enter them all again.

To apply in Bulk –

1. Click on **Update Funded Hours** to apply the **Funded Hours, Hours at Setting and Extended Childcare Hours** to the relevant **Age** group.
2. Once completed click the **Save** button.
3. Users will now need to **repeat this process** for the remaining Age groups.
4. Individual Student hours can be edited by clicking on the individual cell and overtyping with a new value.

Infant School Lunch (Primary and All Through Only) (UIFSM)

For schools using the **Dinner module**, the **Lunch Taken** column may already be populated with information indicating the students who took (or are expected to take) school lunch on the date of the Census.

Confirm your **Dinner Numbers** on Census Day for this information to populate. **Only students who actually took a school lunch should be recorded on the final return.**

For subsequent generations of the Census file within the same term, click the **Reset to Latest Census** button to retrieve the edited data from the previous Census file. This prevents users from having to enter the data repeatedly for subsequent runs of the Census within the same term.

Clicking the **Reset to MIS button** will restore the information in this panel to the condition it is in within the MIS before any user adjustments were undertaken.

If you are not using the **Dinner Module**,

- Each column can be sorted using the Sort Arrows in the bottom right of each column header.
- Use the top right Search box to search for any items in the Data Grid. The Data Grid will update automatically as you type and will now display the entered information only. This can be used to search by Student, Tutor Group or Error/Query Number.

Export, Copy or Print the Data Grid:

- Click on the top left Grid Actions to either Copy, Export in either Excel, CSV or PDF or Print the Data Grid

Dealing with Errors and Queries:

Within the Grid, it is possible to link directly to the MIS Page where the Error/Query can be resolved; this is possible for all those Errors/Queries where there is a Magnifying Glass

- Click on the Magnifying Glass icon to link to the required MIS Page to deal with the Error or Query, this page will open in a new window.

- From any new window opened via the link, correct the Error/Query, then Save and close that window.

Marking an Error or Query as Resolved:

There is no Refresh option in this grid and therefore, it is advisable that you mark each Error and Query you deal with as **Resolved**; this will make it easier to track those Errors and Queries you still need to deal with.

- To change the Status of an Error/Query, click on the Unresolved icon

The Error/Query will change to the Resolved icon and the row will highlight green

- Users can change a Resolved Error/Query to Unresolved; to do this click on the Resolved icon which will now toggle back to Unresolved, removing the green row highlight as well.

IMPORTANT: For the Resolved Error/Query to be removed from the list you would need to generate a new Census and remember to use save & validate for the errors/queries to update/clear.

Running Census Reports in Bromcom

To run Census Reports you must first have generated a Census

There are several reports for checking student data available within Bromcom.

Before authorising the return, it is best practice to run these reports and pass over to the relevant member of staff with responsibility for that area to check.

Example reports for checking Summer Census data follow:

When these reports are selected ensure that you are running the report for the very latest Census return and if you have generated more than one, remember to select the appropriate census.

Reports / Census

For each report there ensure the correct year and Census is highlighted, as per below:

Reports / Census / Attendance Details Report

This report is best taken out to an excel document as it runs over two pages. Use this to check the expected number of termly sessions per student.

Y* = subset of disadvantaged 2-year-olds may be eligible for funded hours.

4* = 4-year-old in E1, E2, N1, N2 only.

0* = 9 months old.

NOTE In some circumstances, 2-year-olds may be eligible for both the 15-hour entitlement for disadvantaged 2-year-olds and 15 hours of working parent entitlement.

Hours at Setting

Hours at Setting include the **Total** of:

- Any hours funded via universal hours entitlement + Plus any extended hours + Plus any additional hours of education funded from other sources e.g. Parents.

Advice regarding the eligibility of 2 year old children for funded childcare can be found on the Buckinghamshire Council website:

<https://www.buckscc.gov.uk/services/education/early-years-and-childcare/funded-early-education-and-childcare/funded-childcare-for-2-year-olds/>

It is important that the funded free entitlement hours recorded on the census accurately reflect the hours at the setting to two decimal places. It should be noted that this is a decimal of hours and therefore does not record hours and minutes. For example:

Where a pupil has: **10½ hours** - record as **10.50**
10 hours & 20 minutes - record as **10.33**

NOTE: DfE guidance on recording Pupil Part-Time Indicator states: The part time indicator is not based on the number of funded hours, it is based on whether the pupil is attending education provision for 10 sessions a week. If they [the pupils] are not receiving an education provision in the afternoon, then they would be recorded as part time. If they are receiving an education provision, they would be full time.

The key is whether the provision is education or childcare.

The hours collected in this return are for the week in which the census day falls and for pupils who fall into the categories:

30 Hour Code and Extended Funded Hours

Extended Funded Hours are applicable to **3 and 4 year old pupils only**. It is the number of hours that are **in addition** to the initial universal 15 funded hours that a child receives.

Extended Funded hours can double the original 15 hours of free child care to 30 hours a week, provided that the following criteria are met:

- Both parents must be working (or the sole parent is working in a lone parent family) and live in England.
- Each parent earns, on average, a weekly minimum equivalent to 16 hours at National Minimum Wage or National Living Wage.
- Each parent must have an annual income of less than the specified amount.

Parents who meet the extended funded hours criteria must obtain a code from the Tax Office (HM Revenue and Customs), then provide it to the school, together with other details, to confirm their eligibility for extended childcare hours. This code can be carried forward from the previous year, as it will not change for a pupil even if the eligibility changes.

The 11 digit **30 Hour Code** and the number of extended funded hours are collected in this return for the week in which the census day falls.

NOTE: With respect to the 30 hours of childcare (funded hours plus extended hours), it should be noted that a lunch break can be considered to be educational and therefore can be included.

As such, a child may attend, say, a 2½ hour morning and afternoon session, with an hour for lunch, the following would apply: $2.5 \times 5 = 12.5$ in the morning, $2.5 \times 5 = 12.5$ in the afternoon plus 5 hours for lunch = 30 hours. The child is full-time, based on the number of sessions (10) having attended morning and afternoon session each day for 5 days. Again, there is no link between hours and sessions.

Extended Funded Hours information provided by the DfE can be found on their website:
<https://www.gov.uk/government/publications/30-hours-free-childcare-la-and-early-years-> .

NOTE: Parents can split the universal and extended hours between two settings.

The **Parent Provider Agreement** forms must be signed and dated by the parents and it must list all settings the pupil attends recording explicitly which setting is to receive the universal funded hours and which setting is to receive the extended hours and how many of each type.

Further guidance is available on the Buckinghamshire Council Website.

Disability Access Fund

The **Disability Access Fund** is payable as a lump sum once a year and awarded to three and four year old pupils who meet the following criteria:

- They are in receipt of child Disability Living Allowance (DLA)
AND
- They access their entitlement to free early learning and childcare, e.g. funded hours.

Disability Access Fund data is collected in this return for pupils who are in receipt of DAF on census day.

NOTE: If schools plan to record any pupils as being in receipt of DAF, they must also send a copy of any evidence of eligibility to the **Early Years Team** or funding will not be paid.
